## Project updates

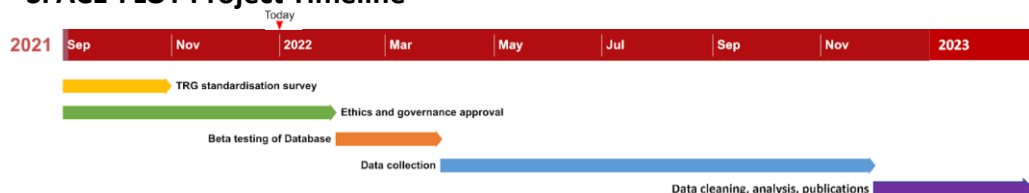

- **Research ethics:** SPACE-FLOT is approved in Australia, awaiting approval internationally
- **Research governance:** SPACE-FLOT seeking site-specific governance in Australia
- **REDCap database:** Version 1.0 complete, undergoing evaluation
- **Website:** Online, [www.space-flot.com](http://www.space-flot.com)
- **Communication accounts:** Twitter, Google, cloud drive, and WhatsApp. All accounts active

## Proposed system of data sharing and management

- Purpose: to facilitate international engagement and satisfy data protection regulations
- Data from all participating sites will be consolidated into 3 international REDCap servers
- Dr. Claire Donohoe, St James Hospital/Trinity College Dublin, Dublin, Ireland, will coordinate data transfer and agreements with all European and Canadian sites
- Prof. Jimmy So, National University Hospital, Singapore, will coordinate data transfer and agreements with all Asian sites
- Peter MacCallum Cancer Centre, Australia will coordinate data transfer and agreements with all Australia and New Zealand sites
- Study protocol is currently being amended to reflect this data management system

## SPACE-FLOT Project Timeline

## Next steps for ALL site investigators:

- **Please continue** with applications for research ethics, governance and data transfer agreements at your site
- **Please liaise** with Kat Hall and David Liu regarding any questions for this study

Have a safe and merry Xmas. Thank you for all your hard work.  
We look forward to working with you in 2022. Best wishes
