Dr David Liu (CI)  
A/Prof Cuong Duong  
Prof David Watson  
Dr Tim Bright  
A/Prof Ahmad Aly  
Dr Margaret Lee

## Project Management Group

Dr David Liu  
(Principal Coordinator)

Dr Geraldine Ooi  
Dr Enoch Wong  
Dr Sean Stevens  
(Australian leads)

Dr James Tan  
(NZ lead)

Dr Tim Bright  
(UK/France/Sweden lead)

A/Prof Cuong Duong  
(Asia/Pacific lead)

Dr Matthew Reid  
(The Netherlands lead)

Dr Su Kah Goh  
(Database design)

Dr Sonia Gill  
(Web-media design)

Dr Candyce Cheng  
(Communications)

Dr Darren Wong  
(Biostatistician)

Ms Kat Penna  
(Clinical research nurse)

## Welcome and Project Aims

Welcome to SPACE-FLOT, the steering committee and the project management group are very excited to have you onboard with us on this retrospective cohort study addressing the following questions:

In patients with gastric and gastroesophageal cancers who have undergone preop FLOT-based chemotherapy and radical surgery:

1. Does yp-pathologic response predict patient survival?
2. What are the international patterns of care for postop therapy in patients with (a) pCR and (b) minimal/no response after preop FLOT chemotherapy
3. What are the clinicopathologic predictors of tumour regression?
4. Does the cohort with pCR benefit from further postop FLOT?
5. Does the cohort with minimal/no response benefit from further postop FLOT?

## Participating Countries and Centers

**Australia:** Austin Hospital, Bendigo Hospital, Box Hill Hospital, Bankstown/Liverpool Hospital, Canberra Hospital, Fiona Stanley Hospital, Flinders Medical Centre, Launceston General Hospital, Lyell McEwin Hospital, Monash Medical Centre, Northern Hospital, Peter MacCallum Cancer Centre, Princess Alexandra Hospital, Royal Adelaide Hospital, Royal Brisbane Hospital, Royal Hobart Hospital, St Vincent's Hospital, The Royal Northshore Hospital, Western Hospital. **New Zealand:** Auckland City Hospital, Christchurch Hospital, Dunedin Hospital. **United Kingdom:** Imperial College London, Mercy University Hospital, Norfolk and Norwich University Hospital, Oxford University Hospital, Queen Elizabeth Hospital, Royal Victoria Infirmary, Salford Group, St James Hospital, University Hospital Plymouth. **Sweden:** Karolinska Comprehensive Cancer Centre. **France:** Lille University Hospital. **The Netherlands:** Erasmus University Medical Center. **Hong Kong:** Queen Mary Hospital. **India:** Christian Medical College. **Malaysia:** Sunway Medical Centre. **Singapore:** National University Cancer Institute. **Vietnam:** University Medical Center. **Canada:** Toronto University Hospital, Montreal General Hospital.

## Current Project Progress

- Finalising project sponsorship
- Finalising (Australian) national ethics approval
- REDCAP database design
- Study website design
- Standardising tumour regression grade (TRG) across all sites
- We are now live on Twitter! @SPACE\_FLOT

## SPACE-FLOT Project Timeline

## Next steps for ALL site investigators:

- **Please respond** to short 5-minute survey about TRG relevant to your site to assist us in standardising TRG across all sites for this project
- **Please nominate** a local contact/personnel for us to liaise with to facilitate attaining ethics/governance approval at your site for this project
